INTER-KOREAN AFFAIRS

REPORTAGE ON DISCOVERY OF 'SPY RINGS' IN SOUTH

Anti-Espionage Steps Ridiculed

SK220915 Pyongyang KCNA in English 0904 GMT 22 Jul 84

[Text] Pyongyang, 22 Jul (KCNA)--The South Korean puppet Home Ministry kicked up a row on 18 July, issuing "directives" to the provinces to establish "a support posture for an anti-espionage operation" against "armed provocation of the north" and "infiltration of armed spies" and the "police headquarters" under the puppet Home Ministry on the same day cried that "three spy rings" had been uncovered.

Ridiculing this as a premeditated drama of the anti-communist elements for making their trite friction of "southward invasion" plausible, a signed commentary of NODONG SINMUN Sunday says:

The outcries of the Chon Tu-hwan group over "spy cases" in addition to the silly gossip about "southward invasion in the summer season" are an offspring of its intrigues for saving the colonial fascist rule from the bog.

The puppets branded a woman hired at a tavern after crossing to Japan with a passport issued by themselves, left without a job, as "a spy employed by the north" and advertised a fisherman saved by our compatriotic measures while afloat in a storm as "a spy given mission." This is a ridiculous cock-and-bull story.

This cheap drama of the Chon Tu-hwan group is an intolerable fraud putting innocent people who live from hand to mouth on the altar of anti-communist plot. This shows to what extent the puppets have gone in their desperate efforts to prolong their days by treacheries and anti-communist plot.

The anti-communist smear campaign of the Chon Tu-hwan group against us is no more than a foolish attempt to divert elsewhere the attention of the South Korean students and people, lull their anti-U.S., anti-war and anti-puppet struggle and drive them to anti-communist confrontation, thus creating a climate favorable to it in the forthcoming puppet national assembly elections and prop up the tottering military dictatorship.

It should give up the ridiculous intention to foster confrontation by non-existent "threat of southward invasion" and "spy cases" and use this as a means of maintaining power and release at once the illegally arrested people.

Spy Ring Discoveries Ridiculed

SK240836 Pyongyang KCNA in English 0800 GMT 24 Jul 84

[Text] Pyongyang, 24 Jul (KCNA)--The South Korean puppet police headquarters announced a few days ago that they "ferreted out three spyings" and synchronising with this, the puppet Home Ministry issued instructions to the provinces to establish "counter-intelligence operation support posture" to counter "armed provocations" and "infiltration of armed spies" by the north. Commenting on this, MINJU CHOSON today says this is a premeditated burlesque of anti-communist maniacs.

Noting that the "spying case" brought forward by the puppets has nothing to do with us, the author of the commentary says: While claiming that the arrested persons committed espionage activities, the puppets produced no evidence to back their claim.

The puppets' talk about "spies enlisted by the north" and the like is a sheer fabrication cooked up by them in pursuance of an insidious political purpose.

In rigging up one more "spying case" the Chon Tu-hwan group seeks to give some "effect" to its anti-communist smear campaign.

This is clearly borne out by the fact that no sooner had the puppet police headquarters published the "spying case" than the puppet Home Ministry instructed the provinces to establish a "counter-intelligence operation support posture" to cope with "armed provocations" and "infiltration of armed spies" by the north.

The Chon Tu-hwan group tries to get something from its vicious anti-communist racket. But this is a foolish daydream.

What the puppets will get through their anti-communist smear campaign will be acceleration of their isolation and doomsday.

FOREIGN ORGANIZATIONS DENOUNCE U.S. 'WAR SCHEMES'

SK201517 Pyongyang KCNA in English 1459 GMT 20 Jul 84

[Text] Pyongyang, 20 Jul (KCNA)--Foreign political parties and public organisations are expressing solidarity for the Korean people's cause of national reunification, denouncing the U.S. imperialists' new war provocation manoeuvres in Korea, on the occasion of the month of anti-U.S. joint struggle.

The left party-communists of Sweden, the Communist Party of Sweden, the Labour Party-Communists of Sweden, the Swedish Peace Committee, the Young Communist League of Sweden, the Sweden-Korea Friendship Association and the Sweden-GDR Friendship Association in their joint statement on July 7 lash at the U.S. imperialists' reckless war moves. The statement stresses: Korea must be reunified independently and in a peaceful way under all circumstances.

We strongly demand the United States to withdraw their armed force from South Korea. We fully support the proposal for tripartite talks.

The young socialist movement, the General Trade Union Council, the Transport and General Workers Union, the Agricultural and General Workers Union and the Post and Telecommunications Workers Union of Guyana in their joint statement on July 9 pointed out that the U.S. imperialists and the South Korean authorities are making frantic efforts to start a nuclear war on the Korean peninsula.

Expressing full support to the DPRK proposal for tripartite talks, the statement says: The United States and the South Korean authorities must accept the proposal of the DPRK government for a peaceful solution of the Korean question.

Korean reunification must be realised according to the proposal for founding the Democratic Confederal Republic of Koryo.

The U.S. imperialists must withdraw all their destruction weapons including nuclear weapons from South Korea.

The Progressive Journalists Association of Malta in its statement on July 6 noted that the new war provocation schemes of the U.S. imperialists and the South Korean puppet clique are wholly contradictory to the desire and purpose of the peace-loving people all over the world, and went on: we strongly denounce the policy of war of the U.S. imperialists and South Korean puppet clique and their manoeuvres to create "two Koreas."

We hold that the United States and the South Korean authorities should accede to the proposal for tripartite talks without delay.

The Association of Field Working People of Nicaragua published a statement on July 5 in denunciation of the U.S. imperialists' moves for the provocation of a new war.

REPORTAGE ON TRIPARTITE TALKS, 'ANTI-U.S. STRUGGLE MONTH'

Foreign Media

SK232209 Pyongyang KCNA in English 1504 GMT 23 Jul 84

[Text] Pyongyang, 23 Jul (KCNA)--Foreign newspapers and radio published articles expressing solidarity with the Korean people in the struggle for national reunification and denouncing the new war provocation moves of the U.S. imperialists and the South Korean puppet clique on the month of anti-U.S. joint struggle.

The Romanian paper SCINTEIA July 7 stressed that the tripartite talks proposed by the DPRK would remove tension from the Korean Peninsula, guarantee a durable peace there and provide a favourable precondition for the peaceful reunification of the country.

On the same day other Romanian papers ROMANIA LIBERA and SCINTEIA TINERETULUI carried similar articles and Romanian television July 6 broadcast the gist of the talk of the spokesman of the Committee for the Peaceful Reunification of the Fatherland of the Democratic People's Republic of Korea.

The Polish paper TRYBUNA LUDU July 16 denounced the present U.S. administration for stepping up the scheme to frame up an aggressive Washington-Tokyo-Seoul three-way military alliance, supporting the South Korean dictator.

The paper said that at the Warsaw talks with President Kim Il-song held some time ago the Polish leadership reaffirmed its support to the DPRK's efforts to reunify the Korean Peninsula in a peaceful way.

The Congolese paper ETUMBA June 30 demanded the United States to respond to the proposal for tripartite talks and immediately withdraw its aggression forces from South Korea.

The Democratic Yemeni paper AL-THAWRI June 30 noted that the victory of the Korean people in the past war smashed the myth about the "mightiness" of the U.S. imperialists for the first time in history started it on the downhill and showed that the U.S. imperialists can no longer dominate the world.

Another Democratic Yemeni paper ARBATTASHRA OUKTOOBUR July 4, the Bangladesh papers NAYA JUG June 28 and BANGLAD BANI July 7 exposed the U.S. imperialists' moves to provoke a nuclear war and stressed: The United States and the South Korean authorities must accede to the tripartite talks. This is a demand of the world public.

The Indian paper SAKSHI July 2, the Afghan paper HEWAT July 4 and the Guyanese paper NEW NATION July 1 carried articles denouncing the U.S. imperialists' criminal acts laying obstacles in the way of the independent and peaceful reunification of Korea.

Anti-U.S. Solidarity Meets

SK241022 Pyongyang KCNA in English 1007 GMT 24 Jul 84

[Text] Pyongyang, 24 Jul (KCNA)--Meetings for solidarity with the Korean people were held in Harare on 3 July under the co-sponsorship of the Harare provincial committee of the Zimbabwe African National Union and the Zimbabwean National Committee for Supporting Korea's Reunification and in Georgetown on June 26 under the joint auspices of the Guyana Committee for Peace and Solidarity and the Guyana Committee for Support of Korea's Reunification to mark the month of anti-U.S. joint struggle.

Hung on the background of the platforms were portraits of the great leader President Kim Il-song and portraits of the heads of state of the host countries.

In his speech the deputy secretary-general of the Central Committee of the Zimbabwe African National Union said that the U.S. imperialists, seeking to satisfy their desire for world supremacy, occupied South Korea and converted it into a colony and military base and have persisted in war provocation moves. He continued:

We strongly demand the United States to withdraw its aggression forces from South Korea right away and discontinue military provocations against the Democratic People's Republic of Korea.

The Zimbabwean party and people actively support the proposal for founding the Democratic Federal Republic of Koryo put forward by the great leader Comrade Kim Il-song and the proposal for tripartite talks.

Robert Corbin, member of the Central Executive Committee of the People's National Congress of Guyana and minister of national development, said in his speech: The Guyanese party, government and people have so far warmly supported the Korean people's cause of independent and peaceful reunification and will continue to support it in the future.

The Korean problem must be settled under the banner of the *chuche* idea, in other words, independently without the interference of outside forces.

A central meeting of the anti-U.S. international solidarity month was held in Lima on June 25, with a portrait of President Kim Il-song hung on the background of the platform, under the sponsorship of the Peru-Korea Institute of Cultura and Friendship and the Peruvian Committee for Supporting the Independent and Peaceful Reunification of Korea, a mass rally and a demonstration in Tomasina Province, Madagascar, on July 7 and a solidarity meeting at the Batan leather factory in Leon Province, Nicaragua, on June 20.

The speakers said that the tragedy of national split the Korean people are undergoing entirely results from the U.S. troops' occupation of South Korea and demanded that the U.S. imperialists be withdrawn at once from South Korea with all their nuclear weapons and Korea be reunified at an early date.

The meetings adopted letters to President Kim Il-song and the dear Comrade Kim Chong-il.

Tanzanian Support for Talks

SK250413 Pyongyang KCNA in English 0331 GMT 25 Jul 84

[Text] Pyongyang, 25 Jul (KCNA)--A. S. Mkwawa, speaker of the Tanzanian National Assembly, made public a talk on July 7 on the occasion of the month of anti-U.S. joint struggle.

Successes made by the Korean people in the revolution and construction under the outstanding leadership of the great leader His Excellency President Kim Il-song have greatly inspired the struggle of the peoples of the nonaligned and developing countries who have risen in the building of a new society, he pointed out, and continued:

The Korean people are struggling to achieve the independent and peaceful reunification of the country in accordance with the proposal for founding the Democratic Confederal Republic of Koryo advanced by His Excellency President Kim Il-song.

The Tanzanian people express full support to the proposal for tripartite talks, considering it to be a most justifiable, reasonable and realistic proposal aimed at easing the tensions created on the Korean Peninsula and creating pre-conditions for reunifying Korea in a peaceful way.

As in the past, so in the future, too, we will actively support with might and main the struggle of the Korean people for national reunification.

We firmly believe that Korea will certainly be reunified in accordance with the proposal for founding the DCRK under the wise leadership of the great leader President Kim Il-song and the dear leader Comrade Kim Chong-il.

Solidarity Messages

SK251029 Pyongyang KCNA in English 0806 GMT 25 Jul 84

[Text] Pyongyang, 25 Jul (KCNA)--Solidarity messages or letters came from social organisations of Mongolia, Vietnam, Mozambique and Portugal to their Korean counterparts on the occasion of the month of anti-U.S. joint struggle.

In a message to the Korea-Mongolia Friendship Association the chairman of the Mongolia-Korea Friendship Association says that the Mongolian public circles as always support the Korean people in their just struggle to force the U.S. troops out of South Korea and reunify the country peacefully on a democratic principle.

The Vietnam-Korea Friendship Association and the Vietnamese committee for supporting the Korean people's struggle for national reunification, in their message to the Korea-Vietnam Friendship Association stresses that the Vietnamese people sternly denounce the scheme to form a triangular military alliance of the United States, Japan and South Korea and the rebirth of Japanese militarism which render the situation in the Korean peninsula and Asia strained, and resolutely demand the U.S. imperialists to completely withdraw their troops and all weapons and military hardware from South Korea and stop all interference so that the Korean people may be allowed to solve their destiny by themselves.

In a letter to the Korea-Mozambique Friendship Association Abner Sansao Muthemba, secretary general of the Mozambican Association for Friendship and Solidarity with the Peoples, vehemently denounces all the imperialists' aggressive manoeuvres to perpetuate the partition of Korea by instigating the South Korean puppets.

The National Council of the General Trade Union Confederation of Portugal in a message to the General Federation of Trade Unions of Korea voices support to the Korean people in their just struggle for a peaceful, democratic reunification of the country and fully supports the DPRK proposal for tripartite talks.

AAPSO Appeal

SK251115 Pyongyang KCNA in English 1010 GMT 25 Jul 84

[Text] Pyongyang, 25 Jul (KCNA)--The Afro-Asian People's Solidarity Organisation earnestly calls upon its national committees, friendly political parties and democratic organisations to take active steps in support of the realistic and fair proposal for tripartite talks put forward by the Democratic People's Republic of Korea in order to get U.S. forces and all their destruction weapons withdrawn from South Korea and achieve Korea's reunification and peace.

The Afro-Asian People's Solidarity Organisation said this in an appeal dated 9 July on the occasion of the month of anti-U.S. joint struggle.

The appeal says that it is an indispensable requisite for the independent and peaceful reunification of Korea to put worldwide pressure upon the United States to withdraw U.S. troops from South Korea.

The appeal says: Now, the United States continues reinforcing its troops and weapons in South Korea, aggravating tension and barring the peaceful reunification of Korea.

The U.S. imperialists' war provocation manoeuvres in South Korea have reached a dangerous stage and, if a war broke out in Korea, it would expand into a global war.

Solidarity Meetings

SK251100 Pyongyang KCNA in English 1018 GMT 25 Jul 84

[Text] Pyongyang, 25 Jul (KCNA)--Meetings of solidarity with the Korean people were held in foreign countries on the occasion of the month of anti-U.S. joint struggle.

A meeting of solidarity with the Korean people was held in Kiev on July 18 at the Ukrainian branch of the All-Union Scientific Experiment and Designing Institute.

In his speech the minister of forestry of Ukraine and chairman of the Ukrainian branch of the Soviet-Korean Friendship Society said: The cooperative relations between the Soviet Union and Korea are developing. This was proved once again through the visit to the Soviet Union by Comrade Kim Il-song, general secretary of the Central Committee of the Workers' Party of Korea and president of the Democratic People's Republic of Korea.

The Communist Party, government and people of the Soviet Union invariably support the Korean people's struggle for the peaceful reunification of the country.

The meeting adopted a resolution which underscored the active support of the Soviet Union to the DPRK's stand for the reunification of the country.

A solidarity meeting was held on July 5 at the "Titovdrbar 84" youth voluntary labor corps in the Bosnia-Herzegovina Socialist Republic of Yugoslavia.

Placed on the platform of the meeting hall were a portrait of the great leader Comrade Kim Il-song and a portrait of Comrade Josip Broz Tito.

The commander of the youth voluntary labor corps said in his speech: Respected President Kim Il-song has advanced many proposals, most fair and realistic, for the independent and peaceful reunification of Korea and is wisely leading the struggle of the Korean people for their realization.

The Yugoslav youth and people will invariably support as ever the struggle of the Korean youth and people for their country's reunification.

A letter to the great leader President Kim Il-song and a letter to dear Comrade Kim Chong-il were adopted at the meeting.

Solidarity meetings were held also on June 28 at the state compression insulator factory in Frankfurt-on-the-Oder County and on July 5 in Dresden, the German Democratic Republic.

Speakers at the meetings said they would always extend full support and solidarity for the Korean people's struggle to reunify the country peacefully in a democratic way free from outside interference, firmly standing side by side with the Korean people.

A letter to President Kim Il-song was adopted at the meeting held in Dresden.

Seminars were held at the group for the study of the chuche idea of the Gzira Club of the Malta Labor Party on July 12 and at the group for the study of the chuche idea of the Beljabuja Club of the Malta Labor Party on July 11 under the respective titles "Tripartite talks proposal, most reasonable one for creating a prerequisite to the independent and peaceful reunification of Korea" and "Korean reunification and the proposal for establishing the Democratic Confederal Republic of Koryo."

Groups Support Anti-U.S. Month

SK261106 Pyongyang KCNA in English 1000 GMT 26 Jul 84

[Text] Pyongyang, 26 Jul (KCNA)--Foreign political parties and public organisations made public statements on the occasion of the month of anti-U.S. joint struggle.

The Australian National Committee for Supporting the Independent and Peaceful Reunification of Korea said in a statement dated July 13: We express full support to the just struggle of the Korean people for national reunification.

We strongly demand the withdrawal of the U.S. troops from South Korea. We call upon all the progressive peoples to lift up louder voices of solidarity for Korea's reunification on the occasion of the month of anti-U.S. joint struggle.

The Pakistan organisation for Afro-Asian people's solidarity, the Pakistan Socialist Party, the Pakistan Peace Council, the Pakistan Trade Union Federation, the Pakistan Kissan Committee, the Lahore Regional Lawyers Association of Pakistan, the Pakistan Committee for Support to Korea's Reunification, the Lahore branch of the Pakistan-Korea Friendship Association, the action committee of Lahore, Pakistan, labour federation and the socialist students organisation of Pakistan made public a joint statement on July 8, which says:

We vehemently denounce the "two Koreas" plot of the U.S. imperialists and their scheme to form a tripartite military alliance of the United States, Japan and South Korea.

Considering that the only way of easing tensions and achieving the independent and peaceful reunification of Korea under the present situation lies in realizing the most fair and aboveboard proposal for founding the Democratic Confederal Republic of Koryo advanced by President Kim Il-song and the proposal for tripartite talks, we fully support them.

Meanwhile, the French Committee of socialists and progressionists for recognizing the Democratic People's Republic of Korea made public a statement on July 12, the Bangladesh Solidarity Committee for Supporting Korea's Reunification a statement on July 14 and the All India Students' Federation and the Democratic Youth Federation of India a joint statement on July 12.

PAPER CONDEMNS CHON'S 'UNJUSTIFIABLE REPRESSION'

SK180415 Pyongyang KCNA in English 0356 GMT 18 Jul 84

[Text] Pyongyang, 18 Jul (KCNA)--NODONG SINMUN Wednesday comments on the outrage of the South Korean riot police which raided the office of the "Committee To Push for Democratisation" in Seoul on 13 July and rounded up nine committee members. This, it says, was an open expression of the will of the Chon Tu-hwan clique not to allow the existence and activity of any democratic organisation.

The signed commentary notes: The "committee to push for democratisation" was inaugurated on the initiative of Kim Yong-sam, president of the defunct New Democratic Party, "for the establishment of a democratic government chosen by the people." And action of the riot police was a repressive step to obstruct the opening of its office.

Could it be for "political development" to raid an office the signboard of which had just been hung out by opposition politicians desirous of democracy and arrest a group of its members by letting loose armed police, while harping on "democracy?"

The suppression of the committee proves that "political development" vaunted by the puppets is nothing but a hypocritical slogan for justifying the present dictatorship and that they are trying to nip in the bud all the sociopolitical elements lying in the way of their long-term office and maintain the foothold of dictatorship, camouflaging their fascist color with empty talks.

The Chon Tu-hwan group must stop repression, release without delay all the illegally arrested political prisoners and guarantee them the freedom of political activities including the freedom of association for forming democratic organisations.

PAPER CRITICIZES SOUTH KOREAN WAR PREPARATIONS

SK181539 Pyongyang KCNA in English 1510 GMT 18 Jul 84

[Text] Pyongyang, 18 Jul (KCNA)--Noting that the U.S. imperialists and the Chon Tu-hwan group are blowing the trumpet of "defense" with outcries over the fictitious "threat of southward invasion" by some one, NODONG SINMUN today in an article says: This is a shameless jargon invented to justify their war provocation manoeuvres.

The author of the article says: Their "defense" trumpeting is a reversed form of war trumpeting against the North. This is well illustrated, above all, by the fact that the operational system of the U.S. forces present in South Korea and the puppet army is an all-out offensive system, not one for "defense."

Recently, the U.S. imperialists brought forward an "attack strategy" the keystone of which is to mount a surprise attack on the northern half of Korea by mobilizing all the task forces and attacking forces, and totally remodelled the operational system of their aggression forces and the puppet army in accordance with it.

That the war policy of the U.S. imperialists and the Chon Tu-hwan group is for northward invasion is also proved by the fact that the weapons of the U.S. occupation forces and the puppet army in South Korea are being replaced mainly with weapons for attack. Now they are equipped with ultra-modern fighter bombers, new-type tanks, long-range howitzers, amphibian tanks and other sophisticated weapons for attack.

The bellicose utterances and military moves of the U.S. imperialists and the Chon Tu-hwan group make it all the clearer that they are preparing for northward invasion under the cloak of "defense." U.S. Defense Secretary Weinberger betrayed the sinister intention of the U.S. imperialists to invade the northern half of Korea when he blared recently without hesitation that the United States should "attack North Korea with the military forces of its allies" and, in that case, "it must be a nuclear attack."

The ceaseless war exercises staged by the U.S. imperialists and the puppets in and around South Korea are without exception imaginary attacks on the northern half of the DPRK. All these are clear evidence that the U.S. imperialists and the Chon Tu-hwan clique are hastening preparations for a war against the North in full scale under the mask of "defense."

PAPER RIDICULES CHON GROUP'S 'UPRIGHT POLITICS'

SK191107 Pyongyang KCNA in English 1029 GMT 19 Jul 84

[Text] Pyongyang, 19 Jul (KCNA)--NODONG SINMUN today comes out with a signed commentary ridiculing a string of balderdash about "upright politics" let out by Kwon Ik-hyon, who had been put at the post of representative member of the puppet Democratic Justice Party by the traitor Chon Tu-hwan, at a general meeting of the puppet national assemblymen from this "party."

He blared that he would work out a "stage-by-stage plan" for the establishment of an "upright politics" and "exclude, first of all, incumbent national assemblymen" considered to be far removed from "upright life" in the nomination of candidates for the next-term puppet national assembly elections. Refuting this, the author of the commentary says:

His words are more disgusting than a declaration that since the motto "upright politics" put up by the "Democratic Justice Party" has gone bankrupt, it will discard it and commit scandals openly. Now the Chon Tu-hwan group has been driven into a hopeless quagmire because of the scandal of the clan of the puppet Democratic Justice Party uncovered of late. It had thought that the dismissal of the exposed underlings would hush up the case. But the denunciation by public opinion is growing and the public sentiments becoming more tumultuous. This is a telling blow to the puppets who are going to hold puppet national assembly elections before long.

Under these conditions the puppets employ such petty tricks in an effort to raise the prestige of the "Democratic Justice Party" which had fallen on the ground and evade the public denunciation. The puppets' utterances that they would "exclude the incumbent assemblymen removed from upright life" in the nomination of candidates means, in other words, urging people to support the "candidates for the national assembly" recommended by them as they are upright men.

It is a mockery of the people for them to disguise corruption as "upright politics" while trying to consolidate the foothold of power under the cloak of combating it. It is high time the puppets withdrew from the political arena with the broken signboard.

PAPER CRITICIZES CHON'S PLAN TO STUDY JAPANESE ASSEMBLY

SK260427 Pyongyang KCNA in English 0415 GMT 26 Jul 84

[Text] Pyongyang, 26 Jul (KCNA)--In planning to send "parliamentary trainees" to Japan the traitor Chon Tu-hwan seeks the design to curry favour with the Japanese reactionaries and tighten their fusion under the pretext of "exchange" and "promotion of friendly relations," says NODONG SINMUN today in a commentary.

Pointing out that the South Korean puppet clique is going to send "parliamentary trainees" to Japan to study the parliamentary regulations, management, expenses and all other things related to the operation of the national assembly, the author of the commentary says: The puppets advertised as if they would improve the operation of the South Korean "national assembly" by learning from Japan's method of parliamentary operation. But this is a lie.

South Korea is a U.S. colony which can exercise no sovereignty. Although there is a "national assembly" in South Korea it is a marionette which exists in name only. There is no "representative government" in South Korea.

In South Korea there is the Chon Tu-hwan military fascist dictatorship exercising the colonial subjugation policy of the U.S. imperialists and their policy of aggression and war.

The traitor Chon Tu-hwan prattled that South Korea and Japan are "of the same destiny" and makes a practice of committing pro-Japanese flunkeyist acts to reduce South Korea further to a dual colony of the United States and Japan.

The strengthening of the collusion between the South Korean puppets and the Japanese reactionaries is a dangerous move threatening peace in the Korean peninsula and the cause of its reunification.

The puppets are trying to prolong their remaining days by clinging to the United States and Japan. But the South Korean people will not pardon the flunkeyist traitors more despicable than the five traitors of 1905.

SK270928 Pyongyang KCNA in English 0803 GMT 27 Jul 84

[Text] Pyongyang, 27 Jul (KCNA)--Solidarity messages and letter came to the public organisations of our country from the National Council of the Front of Socialist Democracy and Unity of Romania, the vice-president of the GDR's National Front Council, the general secretary of the Trade Unions International of Workers in the metal industry and the deputy general secretary of the International Confederation of Arab Trade Unions on the occasion of the month of anti-U.S. joint struggle.

The National Council of the Front of Socialist Democracy and Unity of Romania in its message said that socialist Romania, invariably pursuing a policy of peace, friendship and cooperation, has always expressed support and militant solidarity for the just struggle of the Korean people and their tireless efforts for the realisation of the desire for national reunification.

The vice-president of the GDR's National Front Council in a letter joined all the progressive forces of the world in expressing full support to the demand of the Democratic People's Republic of Korea for having the U.S. troops withdraw from South Korea and solving peacefully the Korean problem without foreign interference. He stressed that the German Democratic Republic and the Democratic People's Republic of Korea are firmly standing shoulder to shoulder in the struggle against U.S. imperialism.

The general secretary of the Trade Unions International of Workers in the metal industry and the deputy general secretary of the International Confederation of Arab Trade Unions also in their messages pungently condemned the aggression and war provocation moves of the U.S. imperialists and their stooges against the Democratic People's Republic of Korea.

CHON'S 'WORD-JUGGLING' SCORED--Pyongyang, 20 Jul (KCNA)--In his "congratulatory address" read for him by the "prime minister" at the "ceremony of the constitutional memorial day" on July 17, the puppet Chon Tu-hwan praised the present "constitution" as "a new constitution which paved the way for democracy, justice and welfare" representing the "desire and wisdom of the people," and cried for utmost efforts for the creation of "a climate of constitutional government." This mishmash comes under fire in papers today. NODONG SINMUN says in its signed commentary: The present "constitution" advertised by the puppet Chon Tu-hwan "as a new one" is a filth of "Yusin" he took over from the defunct dictator. If there is anything new, it is that the "presidential term of office" has been extended, even the formal provisions on human rights that had remained a little have been struck out as "factors" of extreme political confrontation and strain and all powers have been concentrated further on the dictator. The "constitution" was malrevised in a back room and unilaterally proclaimed, without so much as publicly accepted legal procedures. The "constitutional order" whose observation the puppets demand is not for defence of human rights. It is for freely oppressing and exploiting the people, keeping them chained to the yoke of fascist dictatorship. The trumpeting of the puppet Chon Tu-hwan about "democracy," "justice" and "welfare" is a word-juggling of an oppressor for justifying long-term office. No one will be deceived by it. [Text] [SK200558 Pyongyang KCNA in English 0403 GMT 20 Jul 84]

BARBARITY OF CHON CLIQUE--Pyongyang, 21 Jul (KCNA)--NODONG SINMUN in a commentary today lashes at the barbaric destruction of press and culture by the Chon Tu-hwan military fascist clique. According to the Japanese magazine SEKAI, they refuse to accept applications for the opening of new publishing houses and, through the puppet Ministry of Culture and Information, censor publications or order ban on their sales on charges of demanding democracy and even break into bookstores and confiscate a great many volumes of books without so much as "warrants of investigation." The author of the commentary says: The puppet cliques vandalism is chiefly aimed at concealing their treacherous crimes and the darkness of South Korea and committing such crimes in the debris of the press. The Chon Tu-hwan group removed from the bookshelves of university libraries not only the books written by professors in demand of democracy in society after being expelled from campus for participation in the struggle against fascism and for democracy, but also books calling for a peaceful reunification of the country and even historical books dealing with the struggle against the oppression by feudal rulers in the past, branding them as "seditious books." Facts show once again that Chon Tu-hwan

the traitor is an ignorant military gang which denies even the tradition of the resourceful struggle of the nation and only seeks to gratify its filthy desire for long-term office, hating democracy and reunification. Though the Chon Tu-hwan group could ban the sale of publications and confiscate and destroy progressive books by brandishing the bayonet, it could never obliterate the truth contained in them. [Text] [SK211041 Pyongyang KCNA in English 1030 GMT 21 Jul 84]

SUPPRESSION OF DISSIDENTS SCORED--Pyongyang, 22 Jul (KCNA)--The Chon Tu-hwan clique on July 13 attacked the office of the committee to push for democracy, an organization of dissident figures, following its earlier raid and destruction on July 4, and arrested nine members. This repression on the part of the fascist clique is a flagrant challenge to the forces championing democracy and reunification, says the secretariat of the committee for the peaceful reunification of the fatherland in its information No 281 dated July 21. This repression of opposition democratic forces including former New Democratic Party President Kim Yong-sam calling for "peaceful change of power" clearly shows that the traitor Chon Tu-hwan is a rare fascist fanatic who leaves no stone unturned in his bid to remove his political adversaries standing in the way of the realization of his wild ambition for long-term office, the information says. It continues: Through the recent repressive campaign, the Chon Tu-hwan clique self-revealed that its much vaunted "democratic development," "peaceful change of power" and "lifting of ban on politicians" are all sheer lies. In the teeth of the reckless repressive campaign of the Chon Tu-hwan military fascist clique, the South Korean democrats and people of different strata extend and strengthen the ranks of struggle, forming mass organizations. If the Chon Tu-hwan puppet clique persistently takes the line of suppressing the champions of independence and democracy with a wild ambition for long-term office, it will inevitably meet the same miserable doom as its predecessors. PLANNED CHON TRIP PROTESTED--Pyongyang, 23 Jul (KCNA)--An indignation meeting of organisations of Koreans in Japan against the traitor Chon Tu-hwan's scheduled visit to Japan was held in Osaka, Japan, under the sponsorship of the Osaka headquarters of the "National Congress for the Restoration of Democracy in South Korea and Promotion of Unification" ("Hanmintong") and the Kinki District councils of the "Union of Korean Youth in Japan" and "Union of Korean Students in Japan," according to MINJOK SIBO, a newspaper of Koreans under the influence of the "ROK Residents Association in Japan" ("Mindan"). The sponsor organizations denounced his Japan trip. The meeting discussed and decided upon the formation of propaganda teams among the Koreans in Japan and Japanese people for checking the traitor's trip to Japan and conducting propaganda activities while touring Osaka, Kyoto, Nara, Shiga and other places. It also decided to organize a hunger strike of Korean students studying at universities of Japan. [Text] [SK230812 Pyongyang KCNA in English 0803 GMT 23 Jul 84]

STRENGTHENING 'CIVILIAN DEFENSE CORPS'--Pyongyang, 23 Jul (KCNA)--The South Korean military fascists held a "central civilian defence consultative meeting" on July 19 and hatched a plot to strengthen the "civilian defence corps," according to a report of "Radio Hanguk Munhwa" in Seoul. The puppets decided to supply gas

masks to people at large, to say nothing of the puppet organs and workshop "civilian defence corps" to incite a war fever. They also decided to set up a "civilian defence general school" in Chonan City, South Chungchong Province, next year and give training to 8,000 "civilian defence corps" officials there. Besides, they cried for establishing a "civilian report system" and "guard posture," stepping up war preparations. This is part of the South Korean puppets' criminal moves to offer more manpower to the U.S. imperialists as cannon fodder. [Text] [SK232211 Pyongyang KCNA in English 1502 GMT 23 Jul 84]

HIGHWAY PATROL POLICE CORPS--Pyongyang, 24 Jul (KCNA)--The puppet clique set up a repressive tool dubbed "express highway patrol police corps," according to a report of the South Korean newspaper HANGUK ILBO. The fascist clique installed its headquarters in Hamyang, South Kyongsang Province, and divided this patrol corps into eight teams to kick up a repressive row on the express highways throughout South Korea. VRPR ON CHON TRIP--At a meeting with the chairman of the Japanese NHK Broadcasting Corporation on 18 July, Culture-Information Minister Yi Chin-ui said that traitor Chon Tu-hwan's visit to Japan is desirable for preserving Asian security and world peace. This is a mere sophistry aimed at justifying the nation-selling, teacherous visit to Japan by traitor Chon Tu-hwan. Traitor Chon Tu-hwan's visit to Japan is aimed at further strengthening the military collusion between South Korea, the United States, and Japan and at maintaining his filthy life by subordinating the nation to Japan. Therefore, his visit to Japan will only cause the destruction of Asian security and world peace. The Chon Tu-hwan clique should know that public opinion at home and abroad will not be deceived by flowery words about Asian security and world peace and should act with discretion. PAPER URGES DIPLOMATIC ACTIVITIES FOR SEOUL OLYMPICS

SK240631 Seoul KYONGHYANG SINMUN in Korean 23 Jul 84 p 2

[Editorial: "Urgent Diplomacy to Defend the Olympics"--We Watch the Participation in the Los Angeles Olympics by nonsportsmen from North Korea]

[Text] It appears that diplomatic competition for the 1988 Seoul Olympics began earlier than we expected. The North Korean Olympic Committee, which decided not to send sportsmen to the Los Angeles Olympics, is about to launch diplomatic warfare to obstruct the 1988 Seoul Olympics by sending nonsportsmen en masse rather than participating in the games.

We feel that the North Korean communists, who have persistently opposed the holding of the 1988 Olympics in Seoul, which was agreed upon in Baden Baden, West Germany, in September 1981 have launched the final offensive by taking advantage of the LA Olympics.

We also think that the en masse visit of North Korean nonsportsmen to the United States is aimed at perpetrating something unusual because North Korea's maneuvers to disturb the Seoul Olympics are being discovered and exposed throughout the world.

It is known that the North Korean communists devised plots to obstruct the Seoul Olympics by inviting the vice president of the IOC to Pyongyang recently.

The holding of the 1988 Olympics in Seoul has been consolidated as an immutable historic fact as repeatedly declared by IOC President Samaranch. Answering questions raised by international reporters, President Samaranch clearly stated: "I will be standing in a stadium in Seoul during the 1988 Olympics." This is the IOC's reconfirmation of its historic decision, and can be regarded as a declaration to the entire world.

The fact that the North Korean communists are persistently obstructing this firm and resolute decision while talking about the situation on the Korean peninsula and so forth is basically an act challenging peace in the world.

Thus, we are faced with the task of coping wisely with the disruptive maneuvers of the North Korean communists aimed against the holding of the Olympics in Seoul, which can be regarded as a source of national pride.

We deem it as a preferential task at present, in carrying out our diplomatic activities, to make efforts to achieve this task. In other words, launching diplomatic warfare to defend the Seoul Olympics is not a mere activity for the Olympics, but is of great significance in international politics and diplomacy for peace and security on the Korean peninsula.

What is needed to attain such a goal, we believe, is to strengthen and expand understanding of and support for our peace efforts among the world's people. We should fully expose to the entire world the intention of the North Korean communists to disrupt the holding of the Seoul Olympics while checking their deceptive peace offensive.

Meanwhile, more active diplomatic measures to create an international atmosphere for holding the Seoul Olympics are desirable. We would like to stress in particular that we should improve relations with the non-hostile communist countries, not to mention securing support from allied countries, and should expand the people's understanding of our diplomatic principle based on the 23 June Declaration which elucidated our open policy transcending political ideologies.

We should make all substantive efforts, including holding of north-south dialogue, to relax tensions on the Korean peninsula and consolidate peace. We should also strive to make various international organizations, including the IOC, realize our genuine will to safeguard peace.

We should also take the initiative in coping with international movement for reconciliation aimed at consolidating peace on the Korean peninsula. This is a most urgent issue contributing to the peace of mankind and consolidating peace and security on the Korean peninsula.

FORMER S. KOREAN ACTRESS SPEAKS AT FILM FESTIVAL

SK091525 Pyongyang KCNA in English 1500 GMT 9 Aug 84

[Text] Pyongyang, 9 Aug (KCNA)--Choe Un-hui, vice-president of the Sinfilm Studio, who had directed the feature film "An Emissary Unreturned" spoke on the subject "Film and Woman Director" at a free rostrum at the Karlovy Vary International Film Festival held recently in Czechoslovakia.

She said that for more than 30 years in South Korea and Southeast Asia she had lived as a drama and film actress and director and played various roles in many dramas and more than 300 films from the classic dramas of Greece to modern avant-garde dramas and directed five films.

She said she deserted from South Korea a few years ago as there was no free atmosphere for her creative activity and is now producing films in Eastern Europe as she desires.

Noting that she was surprised to see many female directors in Eastern Europe, she said she thinks this is a characteristic feature of socialist society.

In the Western capitalist society if one fails once in direction it is very difficult for him to continue his work. But in Eastern Europe as there are no social contradictions and unfavourable conditions female directors have ample opportunity to participate in social affairs and even small countries can produce many successful films, she said.

Saying that in general female directors have little power and capacity of appealing to broad segments of spectators, transcending their own assertions, but have the strong point of portraying their assertions with their sensibility as women, she continued:

I think that we female directors should more patiently and actively participate in social affairs and energetically produce works which may contribute to society as much as male directors. In other words, successful works enjoying absolute response from many spectators.

To this end, I think that novel thought should be directed to the choice of material.

In other words, the scope of their assertions should be diversified as much as male's and have a strong skeleton as male's.

She said that the film "An Emissary Unreturned" depicts various pains and problems of weak nations in the world and gives a clear answer to them and she challenged material and theme women had not tackled so far and she had thought having nothing to do with her. [As received]

She stressed that women, particularly all the women directors in socialist society should actively tackle universal themes and more energetically work and increase their works.

She said that women directors should more greatly contribute to world peace, security and friendship.

In conclusion Choe Un-hui said that she would study harder and widen the scope of her works and make more efforts to produce more works.

TREATMENT OF KOREANS IN JAPAN DENOUNCED

SK210856 Pyongyang KCNA in English 0817 GMT 21 Jul 84

[Text] Tokyo, 19 Jul (KNS-KCNA)--Japanese police freely read the original registration lists of Korean residents in Japan which are preserved at local self-government bodies in all parts of Japan and use them as means for "preserving public peace" to enrage the Koreans in Japan.

Police freely read the lists of Koreans in Japan at local self-government bodies in 239 cities, according to the central headquarters of the All Japan Prefectural and Municipal Workers' Union which conducted investigation vis-a-vis clerks in charge of foreigners registration business in some 600 cities of Japan from February to March this year.

Police asked about the contents of the registration lists on the phone and used them in investigation work in 261 cities and copied the lists or fingerprints in 47 cities.

It was brought to light in September last year in Tokyo that a policeman in charge of public security daily called at the Shinjuku district office to freely read and copy the registration lists of Koreans in Japan.

According to the investigation by socialist Dietmen, such acts were revealed in Hokkaido, too, to cause a public stir.

The chairman of the Oita prefectural headquarters of the General Association of Korean Residents in Japan (Chongnyon) issued a talk on June 19, and representatives of the headquarters called at the prefectural police headquarters on June 22 to lodge a stern protest against the violation of human rights of Koreans in Japan and strongly demand that appropriate measures be taken lest such acts should occur again.

Representatives of the Miyazaki prefectural headquarters of Chongryon met with the mayor of Miyazaki some time ago and informed him of the fact that police use the registration lists of Koreans in Japan as means for "preserving public peace" and asked him to make efforts for a radical revision of the "foreigners registration law."

CHONGNYON HITS SHIP RULES AT JAPAN'S PORTS

SK061015 Pyongyang KCNA in English 1007 GMT 6 Aug 84

[Text] Tokyo, 4 Aug (KNS-KCNA)--The Central Standing Committee of the General Association of Korean Residents in Japan (CHONGNYON) on August 4 sent a letter to the Japanese justice minister demanding an immediate repeal of the illegal restrictions by the Japanese Government on the entry of the Korean ships into Japanese ports.

The letter says:

With Chon Tu-hwan's Japan trip ahead, the Japanese authorities took a step of illegally restricting ships of the Democratic People's Republic of Korea including the "Samjiyon" entering Japanese ports and their crews and the people visiting the ships.

In July the Japanese authorities even tried not to allow crewmen of the Korean ship "Chungsong" entering Kobe to go ashore as the ship had to stay at the dock for a certain period to be repaired.

The steps taken by the Japanese authorities in connection with the scheduled Japan trip of Chon Tu-hwan are directly linked with the closer watch and intensified suppression of CHONGNYON and the Korean residents in Japan by the public security investigation agency and other security organs, and they are nothing but concrete examples of Japan's hostile policy toward the DPRK.

We strongly request the Japanese authorities to respect humanitarianism and international usage and repeal the illegal restrictions on the ships of the DPRK entering Japanese ports.

Meanwhile, representatives of the Hyogo Prefectural Headquarters of CHONGNYON strongly demanded the Japanese competent organs in Hyogo Prefecture to promptly repeal the illegal steps taken against the ships of our country entering Japanese ports.

The local headquarters of CHONGNYON and its organizations and enterprises have sent telegrams of protest to the Japanese Justice Ministry.
